„Tanked“ now available in the US

Cologne, Germany, 09/29/2008: Paintball products of the popular German brand Tanked will be available directly in the US market beginning in October. Zephyr Sports of Ventura, CA, will handle US distribution for the German "Newcomer Label 2007". Tanked's entire product line will be available at Zephyr's online and retail store to players, teams and resellers. In addition to the complete line of Tanked stock jerseys, Zephyr will also offer individually Customizable "Tanked Custom Jerseys" by Perfect Paintball.

It is important for Tanked to serve the world's largest paintball market directly, in a fast and uncomplicated way. We've been active in professional US paintball leagues since 2007 by sponsoring players like Ryan Greenspan as well as teams like Aftermath and Jersey Authority. The next logical step for us was to enter the US consumer market. With Zephyr we have found an outstanding partner to distribute our products exclusively," says Tanked.

Zephyr will be selling the entire line of Tanked soft goods at the PSP World Cup in Orlando, FL, Oct 22nd-26th. Pre-orders for 2009 gear will also be available to dealers at World Cup.
